

Criteria	Excellent (4 points)	Good (3 points)	Satisfactory (2 points)	Needs Improvement (1 point)	Score
Project Abstract	Clearly summarizes the project, its purpose, and intended impact. Compelling and well-written.	Summarizes the project with minor gaps in clarity or detail.	Basic summary with limited clarity or detail.	Lacks a clear summary or is difficult to understand.	—
Statement of Need	Provides strong evidence and data supporting the need for the project. Clearly demonstrates urgency and relevance.	Provides a reasonable justification with some supporting evidence.	Mentions a need but lacks strong supporting data or urgency.	Weak or unclear justification; minimal or no supporting evidence.	—
Program Description	Thoroughly describes the program with clear activities, timeline, and methodology. Feasible and well-structured.	Describes the program but lacks minor details on implementation or feasibility.	Basic program description with unclear or missing components.	Lacks a structured program description or feasibility is questionable.	—
Goals and Objectives	Clearly defined, measurable, and realistic goals aligned with the project's purpose. Strong impact potential.	Goals and objectives are clear but could be more measurable or specific.	Goals and objectives are present but vague or lack measurement criteria.	Goals are unclear, unrealistic, or missing.	—
SOL Alignment (Standards of Learning)	Clearly connects project activities to SOLs with specific references and integration strategies.	Mentions SOLs but lacks strong connection or details on integration.	References SOLs but with weak alignment to project activities.	Fails to align with SOLs or does not mention them.	—
